About This Game

One claims to be a circle in the Land of Lines. He has taken control of an Architect's pen and has begun drawing shapes of his own. The powerful renegade army is now conquering through the Shades of Blue leaving only destruction and turmoil in their path. It is up to you young vector! You must Wield the power of the Architects, unite with the other vectors, and restore the blueprints to their proper order. We are all counting on you.

- The White Architect
